11/12/88

Dear Charles,

We've never gotten around to the oral histories Ms. Church suggested so, when Tom Tiede interviewed me for his book I just got, I asked him to give me the tapes in the event they might be of interest.

Some of the transcription appears to be less than accurate and faithful

It was so long ago I no longer have a clear recollection of what he asked me about.

Best wishes,

Harold
